**PorchLight exceeds strict WBENC standards
and adds prestigious certification to list of accolades.**

STOW, OH – For corporations searching to connect with women-owned/minority businesses, PorchLight Rental & Destination Services takes great pride in announcing its recent Women Business Enterprise Network Council (WBENC) Certification.

WBENC stands as the largest certifier of women-owned businesses in the U.S., and a leading advocate for women business owners and entrepreneurs. WBENC's world-class certification is accepted by more than 1000 corporations representing America's most respected brands. WBENC is also an approved Third-Party Certifier for the United States Small Business Administration (SBA) and Women-Owned Small Business (WOSB) Federal Contracting Programs.

According to PorchLight President and Co-founder Diane Ayres, “Although we’ve been a proud women-owned business since our inception in 2003, this certification benefits those current and potential clients required to meet government guidelines that often specify working with certified suppliers. The process is very thorough. After all information is submitted for application, then WBENC conducts an onsite office visit to validate the operation in person. We couldn’t be happier to add this to our growing list of awards and qualifications to help our clients compete and succeed in today’s marketplace.”

The leader in rental-finding for domestic and expat moves throughout North America, PorchLight Rental & Destination Services delivers the highest rental placement rates in the industry. PorchLight’s unique and time-tested model provides transferees support beyond a tour day until an address is secured. For 15 years and counting, PorchLight has supported companies from around the globe with rental and related destination settling-in needs.
